I believe the training was exceptional! Both instructors were superb, informative and extremely detailed. The training was very comprehensive and helped me understand all aspects of fire arm training. I have never received such excellent, detailed instruction in my life.

Enjoyed the one on one learned when it's  
alright to use your gun how to hand it  
off to someone else, proper way of standing  
and shooting. Learned about ammo types  
difference in revolvers and semi-  
automatic pistols. Learned the fundamentals  
of safe gun handling.
